Dr. McAllister:

I am writing to request current information about the Council for Tobacco Research USA Grants.

As an administrator of research at a private medical school, I am often approached for information about potential sponsors. I am particularly interested in learning more about the opportunities which you might have in the following areas:

* Research Grants
* Fellowships
* Medical Training/Educational Programs

Any literature (e.g., annual reports, applications and guidelines) will be greatly appreciated. Likewise, I would be pleased to share with you information about Eastern Virginia Medical School, our research programs and our community.

I am looking forward to your response.

Sincerely,

Lisa F. Richman
Research Programs Coordinator
